Dear Ten Soujers:

First of all, thank you very much for your outstanding performance at the Pricewaterhouse Coopers Christmas Party on December 12th. You absolutely rocked the house, as was evident by the 400 or so dancing people. The client was thrilled with your show and only heard positive things from all their guests.

Thank you all again for your great work and your support. I intend to continue promoting your band as the best live cover band in town, and I wish for all of you that 2010 is prosperous and fun!

Kind regards,

Julie Connolly
