Dear Marty,

Thank you to you and your band for your amazing performance at our fundraising gala, the "Royal Affair", in Kamloops, BC, on June 22, 2013. Your eagerness to provide guests with a memorable experience and your professionalism was apparent from our initial contact with you.

The energy level in the room was raised the moment you walked on the stage. It was obvious from the packed dance floor throughout the evening that guests couldn't get enough of your band! You most certainly were a highlight of the evening and were the "tal of the town" after the event. You exceeded our expectations.

It was a pleasure to work with you, and we hope to have you perform at our next fundraising gala. We appreciate the valuable contribution that you made to our "Royal Affair" and your dedication to ensuring our event was a huge success.

Sincerely,

Heidi Coleman, MA

Chief Executive Officer
