To Whom It May Concern:

Letter of Reference for Ten Souljers:

S.L. Feldman and Associates has booked Ten Souljers on four occasions. The band "headlined" for 2 years in succession in 2009 and 2010 at the finish line of the "Vancouver Sun Run" in which 55,000 competitors take part.

On both occasions Ten Souljers contributed an outstanding performance and were a huge hit with the crowd. They have an unparalleled ability to establish a tangible connection with large audiences, and literally hundreds of tired participants found the energy to dance after their marathon run!

Their unquestionable talent is emphasized by their infectious on-stage energy, and their huge repertoire of songs means that there is something for everyone.

I highly recommend Ten Souljers for any event and can attest to their ability to leave a long lasting impression with large groups of people.

I received only exceptionally positive feedback after each performance, and wouldn't hesitate to book them again.

Regards,

Jane Samis
